ANYTIME. ANYWHERE. WE CAN BUILD IT.

Magellan Construction has garnered experience servicing a diverse clientele that spreads across the continental United States. We are fully licensed and capable of working anywhere your business takes you.

FROM THE GROUND UP

Magellan functions as an extension of your staff, becoming your source for answers and solutions throughout the construction process. We take the time to truly understand your organization's needs and utilize proactive management to eliminate potential barriers at all stages. Our intention is to simplify the process by providing complete service with accountability. As a result, Magellan's clients have learned to trust us as their single source for construction services.

UNMATCHED ON-SITE EXPERIENCE

As a general contractor whose professional network extends throughout the continental United States, we assemble teams of only the most qualified, trusted on-site personnel for each project. Our core staff has decades of experience serving a wide range of industries - from oilfield, retail and medical centers to civil construction projects, sports and entertainment facilities and large-scale coastal restoration projects. From single-site development and construction to multi-facility projects spanning across the United States, Magellan Construction is prepared to provide solutions and service to clients from any industry.
